Instructions:

1. Take and face the outer-surface of the mask.
2. While facing the outer-surface of the mask away from you, loop the ear loops comfortably around your ears.
3. Adjust the noseband to fit nicely on the bridge of your nose, conforming to the contour of your face.
4. Now holding the noseband in place, pull the bottom end of the mask under your chin to fully cover your mouth, your nose, as well as your chin.
